

September on AIM

Chisinău,
Moldova

Wow! Month two in the beautiful country of Moldova has come and gone.

September was filled with many things and a lot of firsts! This month we started an English Club at our local Tucano's Coffee shop and were able to make a lot of new friends. As we got to know a few of them better the English Club frequently become an impromptu Bible study. By the last Sunday of the month two people from our English club started joining us on Sundays! They brought their families and I was able to have four kids in my Sunday school class! From ages one to eight.

September on AIM

Chisinău, Moldova

During the month of September, my roommate, Macie, and I were able to give Brother and Sister McBride a couple date nights! The first was so they could go visit the U.S.

Amabassadors house and for the second date night we planned it and surprised them with where they were going to dinner.

This month I got into a more consistent routine with both the MKs! We took a lot of walks and did many activities.

Half way through the month I also helped Sister McBride start potty training the oldest MK, Silas.

Another first we got to celebrate was Adelina McBrides first birthday party! Macie and I got to help Sister McBride prepare and decorate for her birthday party. Then the next day we celebrated it with the whole AIM team and some local friends!

We did a lot in September but it flew by!
