

# AIM Latvia

## October 2024

### Growth in Many Forms

In October, it has been amazing to watch the group grow in leaps and bounds. Midweek Bible study was started with a couple of the people from the home group that meets on Sundays. We also had more visitors come to services during October. We welcomed them with open arms. During our services, the people are learning about God in multiple forms. We are beginning to see more operation of the spirit in our services and God moving mightily. One girl was even healed of back pain following a service! Great things are happening in Jelgava and Latvia! We are excited to see what the future holds and to see what God has promised come to pass.

During one of the Saturday game nights, a couple of the students and I happened to be matching our outfits. This wasn't planned, and it's amazing to see. It just proves that God can bring people together from different backgrounds and ethnicities into one body. Sometimes sharing the love of God means taking matching outfit pictures, because it will help the connection with them. What may just be a photo for you will be a lifeline for a drowning soul.

## Prayer Requests:

There is power in the  
unity of people in prayer.  
Please help in praying for  
these needs:

- **Unity** of the Nation
- **Revelation** of truth In  
the people of Latvia
- **Discipleship** of  
people to be  
grounded in the word  
of God
- As the colder months  
approach, there will  
be an increase of  
depression in the  
area. **Please pray for  
the nations of the  
Batlics.**

During the month of October, I had gone to Daugavpils to see one of our contacts. They attend the university and are currently doing an internship in their home town. It had been a while since we were able to meet in person, because of the great distance to Daugavpils. So it was agreed to meet one day during the week, and we met in Daugavpils. It was an awesome time together, especially being able to meet his grandmother and brother. It further established the connection with him, and we look forward to seeing him again soon. On the way home, we were able to see the Northern lights. What a great end to an amazing day!
