

AIM IN THE BEAUTIFUL COUNTRY OF MOLDOVA

SEPTEMBER 2024

English Club Is The Key!

This month we launched our English Club, New Life English Club! We meet every Tuesday at 6 at Tucano Coffee Brazil!

What an amazing time we've been having meeting so many new people! From taxi drivers to Embassy representatives, hairstylists and university students- God has been opening the door and turned this into little Bible studies sometimes!

In fact, two people that have been coming faithfully to English Club, have begun coming to our church services as well AND bringing their families- Natalia and Igor!

Not only has this turned into a door to invite people to church and share the gospel but it has doubled as a gateway to learn the culture here!

God is moving through our English Clubs and I am STOKED to be apart of His plan for the beautiful city of Chisinau, Moldova!

Crawfish Boils & Shocked Moldovans

On my first night of teaching English Club, I taught about Southern American Classics. This was such a fun lesson and it also sort of made me miss the food from home a little bit!

Igor, was so shocked to learn that we eat crawfish in the South! He couldn't believe that we would 'eat the bug that eats everything on the ocean floor'! Haha! I also made PB&J's for everyone to try- definitely a lesson to remember!
