

MONTENEGRO

Behold, I will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert.

Isaiah 43:19

Monthly Newsletter volume IV

Our move to Montenegro was a bit unexpected, but a door we were excited to walk through. As of recent, there is no Apostolic work in this Nation. With much prayer and guidance from our leadership, we count it a privilege to tell as many people we can about the one true living God.

Home Church

Our weekly services at home are essential without the presence of an apostolic work. Our kids as well as ourselves have been blessed to make our home a place where Jesus is welcomed and where we can bring His Word to life in this country.

Our first disciples

Sunday church is our kids favorite day of the week. Although it may look different than what they've previously been used to, they are more than happy to be as involved as they can. Worship, taking up the offering and reading scriptures are duties they take seriously and do with such joy in their hearts.

Making friends and meeting as many people as we can has led to giving Bible studies and being welcomed in to their homes. Giving the people of this Nation the option to choose Jesus is a burden we carry deep in our hearts. We love and care for these precious people pictured & pray the connection continues to grow.
