Sept. 2024

WHAT'S NEW...

September was an action packed month, with the start of the month being our flight back. After over 36 hours of travelling, and 11 hours of layover, we were back in Japan!

We are so grateful for the provision and protection of God in our travels in North America, and grateful for a smooth trip back. We returned to an empty apartment, with all of the AIMer's who had been staying there having returned to the US. We were so thankful to be with so many of you, to share our burden for Japan. We even had the opportunity to bless several churches with Audio help while we were on the road. We miss you all!

Once back in Japan our eldest three returned to school, and we got back into the schedule of ministry in the local church! Never a dull moment!

Thank you again to all of our supporters around the world, for your prayers and for your giving.

PRAYER REQUESTS & PRAISE REPORTS

Please pray for us as we do a short exploration/scouting trip to Osaka in November. We are greatly looking forward to being in and praying for that great city. Please pray that God would continue to connect us to people there, and direct our steps.
