AMPERS to Romania

October in Bucharest

A Time of Refreshing!

God has been continuing to move in Romania this October! This month we were able to have our first Romanian ministers retreat and AIM retreat.

The town of Sinaia holds a special significance to the Romanian people since it was named after Mount Sinai that we read about in the Bible. The

Romanian people retreat to this mountain often for vacation and relaxation throughout the year. Just as the Lord would take time away from the crowds to pray and refresh, we went to the mountains of Sinaia for a spiritual refreshing. We all left the retreat with a new zeal for revival in our country!
