

# ROMANIA

## AIMERS to Romania

### September in Bucharest

Prayers  
answered this  
month! 🙌

We started the month with our monthly English service which has been such a blessing to our English speakers in the church! We have a family from the United States that have been coming and have been so blessed by every service. We were even able to have some fellowship and a mini Bible study about salvation with them! We have been diligent in our studying of the Romanian language and this month Andrew was able to preach his sermon entirely in Romanian!

.....

We have been prayerfully getting ready for our AMP interview this month. This promotion would help us tremendously towards becoming full time missionaries! AMP is the next step above AIM and Global Missions also helps AMPers with a 3 month deputation schedule. The AMP interview went very well and we are excited to announce that we have been promoted to AMP status!
