VOLUME 2 | SEPTEMBER 2024

Dear Brothers and Sisters in Christ,

We hope this letter finds you all well and thriving in your efforts on the home front in the US. As we continue to work here in Bolivia, we are increasingly aware of how important it is for people all over the world to stay connected with the "Mother Church". Thank you for your continued support and commitment to maintain that connection with us and the people of Bolivia.

September was a busy month. We participated in many church, district, and even community events. We have been building relationships with people within the church and outside of the church, as we endeavour to support the local church and to be a witness to the community here.

Thank you again for partnering with us to be the hands and feet of Jesus to a world in need of His love.

Brad and Lorinda Litke

AIMers to Bolivia

Los Angeles Colegio

We were invited to share our testimonies and some worship songs at a private school in Santa Cruz de la Sierra. There were about 400 students in attendance (see picture at the top of the page). At the end, Hna. Mary, who is a local apostolic pastor's wife and a teacher at the school, invited the students to pray. Many of the students were crying and praying with her as we sang and played "Goodness of God" in Spanish.

Special Service at Los Pentecostales de Santa Cruz

Brad was asked to preach at Los Pentecostales de Santa Cruz this month. Our missionary, Bro. Marse graciously agreed to interpret for him. The service went well and at least one boy received the Holyghost during the altar service.

Piano Class for Church Musicians

We started our class for church musicians this month. We've had two classes so far and they have been great! Several of the musicians have mentioned how much they appreciate the class and that they are learning a lot.

We have 13 students and 3 keyboards. Tryston and Ariana, along with Sis. Marse and Solana Marse interpreting for them, have been great at helping the class flow by demonstrating and helping students at the keyboards. Sis. Marse also brought yummy treats for the students!

We have incorporated some training on biblical principals for musicians into this class as well. We believe in helping create musicians who will always serve and worship God through their music!

Building Relationships:

Some of the best advice that we've been given as we have started on this missions journey is to go and make friends first. Brad has become friends with the burger shop owners down the street from our house, while Lorinda has made friends with our next door neighbor. We pray for them and many people that we have met that they will come to know the Lord in a real way!

We talk to taxi drivers daily about the Lord, sometimes even having short Bible studies during our taxi drives. Wouldn't it be awesome to have shared the gospel with all the taxi drivers in Santa Cruz?

Prayer Requests:

Our long term visas need to be completed by the end of October. We have worked hard to complete this process, but we still have a few hurdles to cross. Please pray with us that we will be able to complete this in time and avoid the fees that will quickly compound after the deadline.
