

### Greetings in Jesus Name!

It is great to be serving in God's kingdom here in Guyana and Suriname. As schools open here in Guyana, we were blessed to be a part of the Back-to-School Bash service at All Nations Tabernacle in Georgetown, Guyana. Around sixty students received school supplies and heard words of encouragement from the teachers for the upcoming academic year. Shortly after, we were honored to have International Evangelists/Missionaries Rev. Monte and Dianne Showalter in Guyana teaching and preaching to the

churches on personal evangelism. The church members were so blessed by their valuable experience and ministry. As we work on the Bible School in Vigilance, we are happy to report that the building now has electricity. As well as the first-floor ceiling is almost completely installed. We have been able to minister at Tuschen, Non Pareil, and Industry. We are so excited to report that after visiting Nieuw Nickerie and ministering at All Nations Tabernacle in Suriname, the bible study that the Showalters shared was taught by Sis Edwards on Sunday, September 29. After teaching this bible study, a woman who had been in the church for a long time and had been baptized another way came to the revelation of the name of Jesus and the necessity to be baptized in that name. We rejoice with the many people who have been baptized this month in Guyana and Suriname.
