MISSION REPORT OVERVIEW

THABA TSOEU

We are still continuing the weekly discipleship class in the village. It's encouraging seeing the transforming power of God at work in each of the students.

We had the privilege of giving away two (2) of the soccer balls that were given to us by Reverend Brenden. He was on the Missions Team from the Ontario District who helped us the complete the rebuilding of the church in the village. The kids were thrilled!

BIBLE SCHOOL IN LESOTHO

We started bible school this month. I'm so honoured to be part of the team of teachers who will part of shaping and developing new future leaders. So far, we have one student who is enthusiastic about learning more about the Word of God.
