Moldova

# September Monthly Newsletter

We have wrapped up our last week in Moldova and are getting ready to head home to the U.S. We have had a great time ministering, learning, and making connections in Chişinău! Thank you so much to every one of you who have supported us both in prayer and financially. Without you, this summer spent on AIM would have never been possible! We are so grateful for the opportunities we have been given and for the memories and knowledge we have gained both in Spain and Moldova. Our plan is to go home and prepare for our next missions journey whenever and wherever that will be! This summer has solidified our calling in missions and has encouraged us greatly! Thank you all again for your consistent support and prayers and stay tuned for our future endeavors as God leads us!

## Other Ministry Opportunities

The team has begun teaching English Club and we have gotten to meet 4 new people from Moldova as a result! Please join us in prayer for this weekly meeting as it is a great opportunity to make connections, teach English, and learn Russian and Romanian!

Sean had the opportunity to minister to the team on the first Sunday of this month. He preached a message titled "The Kingdom of God." It was a message of encouragement and a charge to reach those around us while remembering our God, who saved us. "A Kingdom cannot run without hearing what the King has to say!"
