Rev. Ashley preaching

In Budapest with Cseh family

September Guests

Rev. DeWaun Ashley and his family embarked on a journey to Central Europe, starting in Budapest, Hungary. I had the pleasure of meeting them there on September 4, 2024, and we explored part of the city that evening. It was an honor to introduce them to the Cseh family, missionaries in Hungary, on Thursday. They guided us to the castle, where we prayed for the city from the castle walls, taking in the magnificent views.

We returned to Prague on Saturday afternoon, and of course, we took the opportunity to show them around Stáré Město & Nová Město (Old Town/New Town). Most importantly, Pastor Ashley delivered a heartfelt message to the Prague congregation on Sunday! Their presence was truly a blessing to our congregation. We are thankful for their visit and hope they carry wonderful memories of this great city and its people. I should mention that Pastor Ashley is my pastor, so it was particularly meaningful to spend time with him and his family. His sons, Rev. Gentry and Rev. Kason Ashley, added to the joy and fun of our time together!

Per usual, I took pics for others but forgot to take many for myself. But here are the Ashleys with some of our Filipino congregations

The Fall Semester Has Arrived!!!

September marks the beginning of the Fall Semester for the Prague and Budapest Bible Schools. We held the Prague Bible School on September 14, 2024, and then I returned to Budapest the following Saturday, September 21, 2024, for their Fall Semester. I always feel blessed to preach at the Sunday service for the church. The Cseh family are doing a great work in Hungary and it's always a blessing to be in Budapest. In Prague we have begun to make our last weekend of the month our fellowship weekend. This weekend (9/28/24), our Bible study group met at a local bowling alley for a great time of fun and fellowship. Then on Sunday (9/29/24) I was privileged to preach the Sunday service in Prague. September has been a blessed month and I'm looking forward to October!
