GLOBAL STUDENT MINISTRY

The Lord is answering prayer! So grateful for young adults wanting to get involved in seeing their universities reached with the Gospel! The picture to the right is of a young lady from Madrid doing an exchange program for a semester in Barcelona. She has agreed to letting God use her to reach the students on her campus. She goes to Univesitat Autònoma de Barcelona (UAB). The campus is home to 50,000 inhabitants: students, lecturers, researchers and administrative staff. We have done prayer walks, hung up fliers and she is going to begin to make contacts. With more than 4,500 international students and staff, we are believing that by reaching UAB, we will reach the world! Also grateful for the contacts that are being made at the Universitat de Barcelona where I am taking Spanish classes.

Gastronomic Fair

The Gastronomic Fair was a success! In spite of the rain, there was food represented from countries all through-out Central, South America, and Spain. The choirs did an excellent job! There were worship songs sung in Spanish, Tagalog, English, and Catalan! It was beautiful and the presence of the Lord was felt which drew a lot of curious and hungry hearts!

Fellowship

So grateful for our missions team and the time that we have been able to spend together! We have had the wonderful opportunity to celebrate Elliotts birthday together as well as have a game night at the Driggers together!

Thank you again for all of your prayers, They are felt!
Thank you for your financial support. God Bless you all!
