Nov. 2024

WHAT'S NEW...

It was a busy November, with 1 Japanese woman baptised and filled with the Holy Ghost!

We also had a youth service and our Thanksgiving Potluck this month.

This month we had the opportunity to visit Osaka Prefecture. **Osaka is the second largest metro area in Japan, and there are no apostolic churches.**

This Metro area is home to just under **19 million people across 3 cities in the Kansai region, Kyoto-Osaka-Kobe.** We took every opportunity to take public transport, see people, and pray.

We were overwhelmed by huge amount of people, but we were also encouraged by the great connections we made.

We had several great conversations with strangers. We saw many areas, from small neighborhoods to the city core, and prayed as we went. Please pray with us for the harvest that God is bringing in the second largest region of Japan, and for direction as we take the next steps.
