

# NEWS FROM THE GAYLES

Serving in Brasilia, Brazil

## DECEMBER 2024

November was a great month of solid ministry development in our local church and in our district. The entire month of November we saw record attendance at our Sunday services, midweek services, and English program. During our Sunday services, we have had to start our children's program upstairs because we can not fit everyone in the main sanctuary. One Sunday this month we had 37 people in attendance and two Sundays in a row we had over 30 people in attendance. God is building HIS church! At the end of November, our students in our English Program, concluded their first term of classes with a food party. During the last class I shared my personal testimony with the students. Many students responded with tears and excitement. God is using this program to not only give students confidence in their ability to speak English, but also an opportunity for them to experience the love of Christ! The program will resume in January and we will have review classes in the month of December.

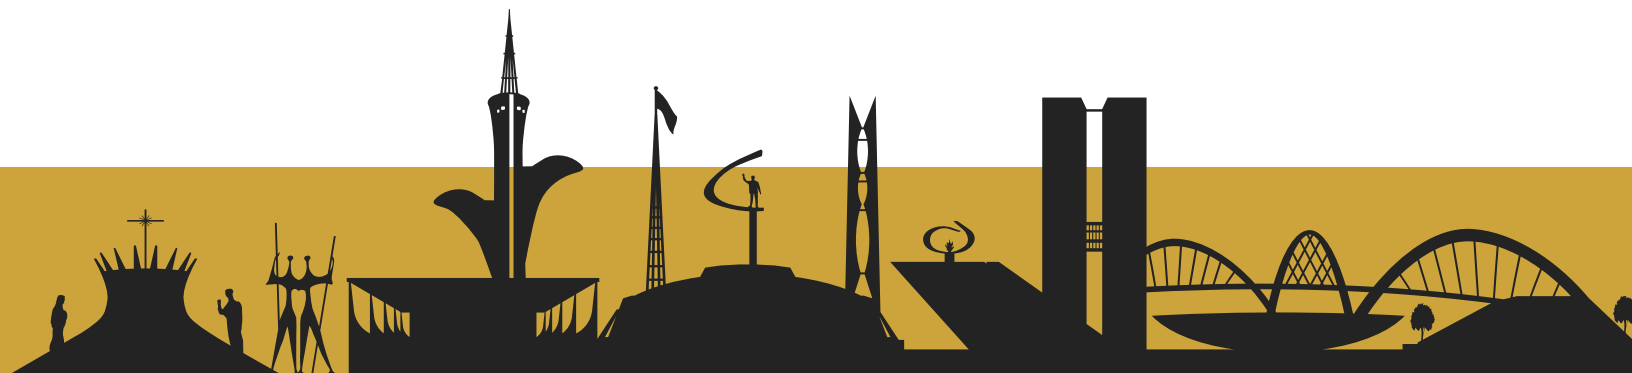

This month my wife preached at our district music conference. She ministered a powerful message and prophesied a timely word from the Lord into the life of a district leader. The prophetic word was confirmed after the conference!

For Thanksgiving, our missionary supervisors, Michael and Ivonne Walmer, came to enjoy the holiday with us, mentor us concerning the church, minister at the church we pastor and the district headquarters church, and help us plan for the future! What an awesome time! After we finished eating and fellowshiping for Thanksgiving we attended and ministered at a new preaching point for our church in the northern side of town. This preaching point is in front of an outdoor restaurant on Thursdays and the people who attend will also attend our services on Sundays. Currently, 6-10 people new to our church gather there each week!

In November, we also purchased a mobile baptismal tank. We are excited to begin baptizing people at the church location and various locations throughout the city. We believe we must be ready to baptize people at any moment! We are so grateful for the growth God is bringing to the Plano Piloto Church and look forward to many more souls being added to the kingdom!

*Thank you for your prayers and support,*

*The Gayles*

## PRAYER REQUEST/NEEDS:

- Pray for Harvest of souls, our children's education, and finances for the purchase of a vehicle for us to drive. We've used a car rental company for the past 4 months.
- Pray for favor and finances for the church expansion. The space next door to our church is available! Our goal next year is to expand to accommodate 100 people in the main sanctuary. We need to raise \$12,000 to make this possible!

My wife being prayed over by the District Superintendent before preaching district music conference.
