

Dear Brothers and Sisters in Christ,

November found us in the back of a Jeep journeying from a countryside funeral back to the city. Although uncomfortable, we found joy in the comradery of the local pastors and the fact that we were able to provide comfort in a very sad situation.

It is the first time that the Santa Cruz district has experienced the death of a pastor's wife. Her children cried all over us. We prayed over them and the sweet presence of God entered that tiny countryside church.

These are the moments that make our journey worth the effort. We were able to provide support and share the strength of the Lord to those in need.

Thank you for continuing to partner with us to help the churches and be a light to souls in South America.

Brad and Lorinda Litke
AIMers to Bolivia

Men's Meeting

We hosted a local men's meeting in our home. It was a lovely time of fellowship and the Word. Our churrasco was utilized for the first time and we had the cutest little "varones" ever hanging out on the hammocks.

Thanksgiving

We hosted a Thanksgiving dinner in our home. Pictured are the Marses (missionaries), the Alvises (local pastors) and our family. We also had several neighbors stop by to eat and visit.

Piano Class for Locals

Our first piano class will end in December. We are pleased with the progress of our students. Some students will likely continue to a more advanced class in the new year. One of our students, who doesn't even have a keyboard of his own, worked to learn all of his major scales and played them from memory this week in class. Several students are now able to play worship songs and have learned many chords.

We have been asked and are discussing with the local pastors about providing more district music training in the new year as well. This will likely involve traveling to churches that are further out of the city to provide training.

Prayer Requests:

IMMIGRATION: While Brad and Lorinda have visas and another document we had to have called a "carnet", we are still struggling with visas for the children. We think we will be able to go back to immigration this week to finalize, but we have been back several times and they always ask for "one more thing". Please pray that the visa situation resolves sooner rather than later!

TRYSTON: Sadly for us, Tryston is returning to the States at the beginning of January. Pray for a smooth transition for him, as he navigates an entirely new world after 5 months in South America. He has expressed his thankfulness for his time here and returns with a fresh perspective. He has mentioned that he now believes every young person should spend some time in missions work!

Fiesta en los cielos!

We are celebrating with one of our students who made the decision to be baptized in her local church this month! So happy for her!

Thank you!

We couldn't do this without your support. Thank you for your financial sacrifices, for those who text and call us, and for keeping us continually in your prayers!
