

October 2024 Report from Hamilton, New Zealand

Left picture: Sis Shah receiving the Holy Ghost in the Fijian home group!
Right picture: Sis Emily and Sis Shah the night of their baptism!

We praise God for what He has done in New Zealand in October. After arriving, we hit the ground running, with my wife and I speaking 12 times to the Church and small groups while conducting limited outreach efforts. God moved in the New Zealand Conference as our guest speakers Bro Buckland and Bro Gaddy spoke powerful and challenging messages. My wife's cousin and wife also attended the Sunday morning session, and she loved the worship. As the Conference concluded the last night a woman named Emily, and a young Māori lady named Shah wanted to get baptized. There was no place to baptize them since the waters of the Waikato River were fairly swift and there was no available pool nearby. Sis Shah desperately wanted to get baptized and prayed for the Lord to make a way and God did. Assistant Pastor Robert Fox and his wife Sis Paya graciously opened their home and conducted the baptism in their bathroom tub. But God was not done moving on Sis Shah. On the Wednesday night following the Conference at Assistant Pastor Robert Fox, English / Fijian home group, I taught about the great reward of God. God began to minister mightily at the end of the small group session. Sis Goodare then went to Sis Shah and began to pray with her. My wife and I joined her and began to pray for Sis Shah to receive the Holy Ghost. After many minutes of praying with her, she finally surrendered to the Spirit of God and began to speak clearly in another language. She later

explained that it felt like something had breathed inside of her. Jesus told his disciples in John 14:12 that the believer would do greater works than Him “because I go unto my Father.” We are rejoicing that the greater works include the salvation of souls many years later in October 2024.
