Mission Possible Newsletter

November 2, was a day for our Filipino fellowship, where we grilled out. We had a great time of fellowship together. The following weekend (11/9-11/10) was our Saturday bible study and our 1st Filipino stand-alone service!

Unfortunately, I was sick with a sinus infection all week and was unable to attend the Bible study but I was determined to make the service. I was unable to preach but did make some remarks and then Bro. Buckland preached a wonderful first message. Most importantly, the Spirit moved and ministered in the altar service.

11/16 was our Prague Bible school, with guest teacher Rev. Hanscom. He also ministered in the Sunday service as well.

The Hanscoms also traveled to Budapest to teach the Bible school there the weekend of 11/23. Because of this, I did not travel to Budapest this month, which enabled me to attend every Saturday Bible study this month!

November is in the books as they say, and it's been a productive month. Thank you for all your prayers and support. December is upon us!

1st Filipino Service!
