

Greetings In Jesus Name!
Here is my November AIM Newsletter for Uruguay!
(Fiona Wray)

**La Comunidad de Fe & Thank You Aimer
Cassandra!**

I had the privilege of teaching Sunday school two times this past month along with preaching a few times on Sundays and often teaching bible studies on Tuesdays. The children learned about the love of Jesus and thankfulness. They really enjoyed painting their crosses and they all expressed their excitement to hang their crosses in their houses. When I taught the Sunday school children the second time, they learned how to show thankfulness to the important people in their lives as well as how to say thank you to God. The craft included making and decorating a thank you card for Aimer Cassandra who will be returning back to the United States on December 2nd. She has been a great help to the church, La Comunidad de Fe, and has helped with the Sunday school, teaching bible studies and preaching. We will miss her!

November Confraternidad

We had our monthly confraternidad in Ellauri. Many people from various churches in Uruguay gathered together for worship and the preaching of the word. I was thankful to have been given the opportunity to greet the church members by testifying about what God is doing at the La Comunidad de Fe church.

Testimony Time!

Cassandra (the other aimer) and I had the opportunity to travel to Chile for a few days. During that time, we walked by a market. There was a lady outside of her store who we heard singing a Christian song. She told us that she was also apostolic. We were able to speak with her and enjoy some fellowship. It made me think how something as small as singing a few words to a christian song while you're at work or in the community can be a way to share more about Jesus.

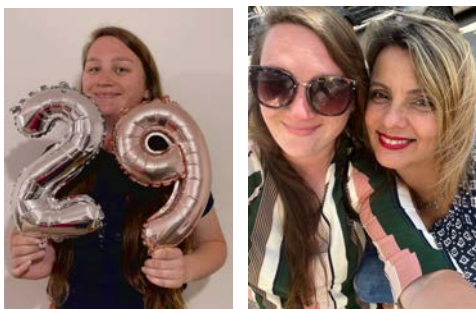

Fellowship - La Comunidad de Fe Church

We held an event right at the end of October that I was not able to include in my October Newsletter but wanted to mention in this newsletter. We had a great time in fellowship as a church celebrating October birthdays, eating hot dogs, laughing, playing games and more! It is so great to have such a caring church community. We even had 3 new people at this event and we are believing they will return for Sunday church service soon!

A Visit From Friends

Two of my friends from my home church, The Everybody Growing Church in Ottawa (Ontario), spent a week visiting me here in Uruguay. They were such an encouragement to me and I was so grateful to show them around Uruguay and have them attend a local church service at La Comunidad de Fe. My friend Anita also greeted the church and I translated for her into spanish! I preached that Sunday about how "God Is With You In The Fire" and lead worship. We had a great time in the presence of the Lord!

Celebrating my 29th birthday!

On November 24th, I turned 29 here in Uruguay! I had a great time celebrating with some friends that I have made here while on the AIM program!
