The Bridge Between You and The Ends of the Earth.

The Holidays in Japan:

Happy New Year from the Chase-Mendez Family! Our first holiday season in Japan was nothing short of eye-opening and full of opportunities. Christmas in our part of Japan is celebrated with Christmas markets, vibrant light displays, KFC meals and lots of Santas. The Christian themes some of us may be used to are almost nonexistent here. This created a unique opportunity to spread Christmas cheer and share the hope of Jesus Christ with our community in new and exciting ways.

Weekly Game Nights

In the month of December, we began hosting Friday night game nights. In an effort to build community among new friends, we decided to open up our home, share a meal and play board or video games together once a week. So far, we have hosted 12 guests in just 4 weeks!
