

# Aiming For N. Ireland

Reaching for new believers and prodigals

---

Pentecostals Of Gilford Christmas Banquet

---

---

This is three of four sisters who started coming to POG with their parents when they were very young. My father baptized them and their parents many years ago. The sisters got the Holy Ghost at POG when they were just wee girls. It had been quite a few years since I've seen them all. But we ran into them on the street in a shop we none of us go to. Just like God to bring us all together again!

Sunday School! ❤️

Just a couple of our beautiful Irish babies with Mason and Adaline Castillo.

---

During the holidays our entire family McFarlands, Castillo's and Cary's were ALL together in our childhood home here in N. Ireland. We so enjoyed the Holidays and of course my father put us all to work as a family. My sister and her husband Mark and Shawna Cary ministered at POG on Sunday and then jumped into laying flooring on Monday.

My father missionary Terry McFarland, husband Joel Castillo and Brother Mark Cary were champions at ripping up old flooring and replacing it with new. Working hard on getting POG a MUCH NEEDED Sunday School room!
