

# AIM ——— Phillip & Meaghan Hanes United Kingdom

## Durham, England

Durham is a city in northeast England, south of Newcastle upon Tyne.

The population of County Durham, UK in 2023 was estimated to be 532,200.

Presently, Durham Castle is home to students of Durham University as University College. The University is steeped in history and is the only University, other than Oxford and Cambridge, to operate the collegiate system in the UK.

## History

Not only is Durham an important religious site but also a defensive one.

Situated high on a hill and protected by the river on three sides, Durham was important in defence against the Scots invading English lands.

## Hanes Ministries

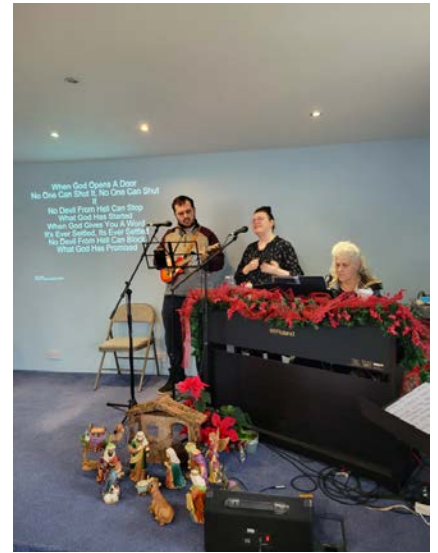

Phillip and Meaghan are excited to be AIMERS in the UK. When Phillip was little, he dreamed of living in the UK one day. That dream and love for the UK became a burden when he met Meaghan.

Meaghan and her family have ministered in the UK for 25 years.

Together, they are excited to launch their ministry and reach the city of Durham and beyond.
