Dear Brothers and Sisters in Christ:

For most of us, January is a time a reflecting on the past year and looking towards the future with fresh eyes. It is a time of realigning goals and making new commitments. We have taken time to do this in January, as well as preparing for the weight of a year full of new responsibilities and exciting opportunities. We are elated to share some of this with you in this issue of our newletter. As always thank you for partnering with us in giving and in prayer. You all are also in our prayers. We pray for a prosperous and fullfilling new year for all of you.

God bless,

Brad and Lorinda Litke  
AlMers to Bolivia

Serving Communion at LPSC

We had a nice walk in the rain to visit with a local pastor on behalf of Bro. Marse while he was in the States.

Bradley traveled to La Paz, Bolivia with our missionary, Bro. James Marse, for a Men's meeting, where he spoke to the men with a short exhortation IN SPANISH He will be traveling more over the next few months with Bro. Marse for district trainings and elections.

FEB 2025

Distrito 4-IPUIB

Enseñanzas sobre la música en la  
iglesia, canciones nuevas para  
todos los cantantes y los músicos, y  
teoría para los músicos

## SANTA CRUZ DISTRICT MUSIC

The district had a local pastor who was the music director for the district and he asked to step down. The district board asked Lorinda if she could help out as music director for the rest of the time we are assigned here.

We attended a meeting with the district board. We presented the idea of seminars for the local church musicians and we were given a resounding "yes!" Two are scheduled so far, one for February and one for March. We are working with the locals and even some friends in the States to help prepare well for these events!

## PIANO CLASSES CONTINUE...

We will start another beginner class and offer our graduating students from last semester a second class, starting mid-February. We have had some interest from locals OUTSIDE the church and would love to see this as an outreach opportunity as well. Below is the pastor's daughter of Los Pentecostales de Santa Cruz. She is now able to play some songs for church after taking the first class. We are excited to enable her and others to help serve in their local churches in this way!

## BRAD = LPSC MUSIC DIRECTOR

The pastor of Los Pentecostales de Santa Cruz has asked Brad to be the Music Director for LPSC for the duration of our time in Santa Cruz. He asked Lorinda to be a part of the team as well. He asked us to focus on teaching

the team more about how to worship through the music that they play and sing. It is a tall order and we are praying that God will lead us to be able to help this music team in some way, as we lead them by example in worship.

## TRIP TO PERU!

We are so excited to have the opportunity to attend the National Conference in Peru in March! We hope to meet some of the local leaders, make new friends and learn a little more about the culture there!
