

Scotland for Jesus

Zack and Paola Shertzer

January 2025

Spanish language - Service: We had 8 new people added to our Church in the month of January. One of the family has arrived from Peru and another from Colombia. We have been working with them and providing transportation for the month until they get access to public transportation. It has been a little challenging but we thank God for this opportunity. With God's Grace we baptized 2 people and 3 got the Holy Ghost. Revival is here.

Home Church in Glasgow

Vision service for 2025:

We cast the vision for the Church and daughter works for the year of 2025. **Belong, Believe and Become.**

The goal is as we continue growing in number we also will grow spiritually. When people belong in a place they will believe and then they will become what God wants them to be.

This year we are going to be training new ministers and more leaders. We also have a goal of 30 house groups around the city of Glasgow. Zack along with Pastor Beek will be training the people that is going to be opening their houses on how to give Bible studies for 6 months.

Sunday School:

We launch our new Sunday School Church. Where the kids will be having their own Praise and worship, preaching, altar call, puppet show, classes and games. With this new change we are giving opportunity to leaders in training to develop in their preaching and also the HBC students can be a part of it. The goal is to have more Youth and children leading praise and worship and working as puppeteers.
