

NOLAN AND MACKINZIE ARTHUR

IN

Guatemala

Group 1

The beginning of February, we hosted our first group of the year (Life Church CA) to assist in projects at the orphanage HOME International. The external concrete needed to be prepped for painting, and so they took on the enduring assignment of scraping the walls by hand.

The Life Church was such a blessing to the people of Guatemala, putting on a Sunday school service for the children of the orphanage. In addition to this, they attended multiple churches ministering to them with preaching and music.

Group 2

The second group of the month of February, ministers of the Victorian Island BC, arrived midway through the month. In the week they were here, they were able to assist us in painting the external walls surrounding the facility as well multiple of the houses and inside of the girl's dorm. This was a massive undertaking in which we are so grateful to them for volunteering their time in this project. Without their aid, it would have taken significantly longer to accomplish.

I believe the most rewarding aspect of working to improve the facilities of HOME International is to see the look of appreciation from the children in you being there and greeting them and being able to impact the home in which they live.

PAINTING THE EXTERNAL WALLS OF HOME INTERNATIONAL.

GATS Seminar Prep

Global Associations of Theological Studies (GATS) is the association for Bible schools in our international fields. One of the wonderful opportunities given to the teachers at the Bible schools are the seminars that give teachers an opportunity for fellowship and further learning.

Toward the end of February, we worked as a team to see that all the materials for the conference were put together.
