I Corinthians 16:9

Greetings from Reykjavik!

Much has transpired since my last update. I made a connection with a young lady named Victoria when I was here this past summer. It was an immediate connection, and we kept in limited contact while I was away. When I returned, I went back to the coffee shop she works at and I was greeted with such kindness by her. After a few weeks of chatting with her at the local shop we decided to meet for lunch on her day off. I had been praying for an open door and the Lord swung it wide open. I was able to simply share not "theology" but my "personal testimony".

Victoria listened and asked many questions. Tears were shed by both of us as we talked about our lives. Many times, Victoria said, "I need to know more about this!" At the end of our lunch, I offered to teach her a Bible study and she accepted. Her hunger and desire to learn has been so pure. After our first study she began to share what she was learning with her friend Oni. He decided he wanted to join us for our second Bible study. God's timing is always perfect. Bro. & Sis. Alphin arrived and brought a baptismal gown in our expectation of salvation. Within a few days from our second meeting Victoria was baptized in Jesus Name and filled with the Holy Ghost! Her experience was boiling over and her friend Oni wanted to have what she found. After meeting with Bro. & Sis. Alphin he too was born again! To God be the Glory!!!

Bible studies are continuing and prayers for their future growth and grounding are essential. Victoria will be returning to her home country at the end of April. Prayers for this transition are welcomed.

My time left here is short. I will be leaving for Finland on April 1. Another Aimer will be arriving here at the end of the month. May the Lord continue to pour out His Spirit in Iceland.

THANK YOU, for coming along side me in this journey!
