

# Greetings from Poland

Each week I have the honor of witnessing the amazing growth of the church here. Recently we had seventeen in attendance in our apartment and nearly every chair was full! Most of the people at this service are committed church members who continue to be faithful each week in attending service and I am thankful for all God is doing in their lives! As our church continues to grow, we are excited to be moving to a bigger location soon where we will be able to consistently host services each Sunday. Please continue to pray with us that this process goes smoothly and that we would have favor with those we meet along this journey, that God's hand would be evident in this time of transition as we step into greater things.

# *In Poland As It Is In Heaven*

I've heard it said many times that ministry is not glamorous nor easy. Sometimes it's a struggle to keep going, to keep pushing and fighting when it feels like the battle is overwhelming. However it is often in these moments of discouragement that I am reminded the most of why I do what I do.

A rough day can be completely turned around through one conversation as I look through God's eyes and see the people how He sees them. You can feel the love of God as we meet with the people and there is joy and peace as we trust God's plans even when it looks scary. No matter how good life may be overall, there will always be low moments and hard times. It matters how we respond to the challenges. Ministry may be difficult, but it is always worth it as chains are broken and lives are changed forever by the grace of God.

## *Thank You*

Your prayers mean the world to us. We need your support, and we are so thankful that you are lifting our team and this nation up in prayer. You are a huge part of the work here and we could not do what we do without your support. Thank you!

Many members on our team and in our church are awaiting approval for temporary residency, which is necessary to continuing residing in Poland. Please pray that we would have favor with the government officials and that we will receive positive decisions very soon!

Pray for a "miracle space," that God would open the door for a permanent location to host church services.

Please pray for extra peace and protection in the lives of those we are working with.

Pray that addictions would break and that freedom would be loosed in the lives of the people.

Please cover our team in prayer, that we would be sustained with God's strength, and that we would have direction, boldness, and wisdom as we share the Gospel.

Pray that God would send laborers to help with the great harvest God is preparing here.
